# MICROCLEAN® Filtered water

Every Sundance® spa comes with a best-in-class MicroClean® filtration system that works to ensure the water is always ready when you are.

*Step into sparkling water.*

#### Slipstream™ Skimmer

The extra-wide weir gate floats along with the water level to “skim” more debris than standard systems and prevent buildup.

#### Proprietary horizontal filter

Unlike a typical vertical filter, the horizontal position of our pleated filter allows water to flow through the filter.

#### Interior filter

At the heart of the system is an ultra-filtration core liner that removes even the tiniest of unwanted particles.

# CLEARRAY® Clean\* Water, simplified

The ClearRay Active Oxygen® System combines ozone and UV-C to unlock powerful active oxygen molecules for a hands-free approach to water care. It works harder and cleans\* the water longer.

*Keeping it simple and effective.*

\*Clean is defined as the removal of microscopic (down to 3-micron level, varies by model) debris from the water. The ClearRay Active Oxygen® System utilizes various technologies to achieve cleanliness. One of them is ozone, which aids in the grouping of smaller debris to form larger clusters that can be more easily captured in the filtration process.

**Filtered Water**  
The MicroClean® Filter converts water passing over the weir gate into filtered water.

**Ozone**  
The system injects a small amount of ozone into the filtered water.

**UV-C**  
The UV-C light unlocks active oxygen molecules from the ozone.

**Active Oxygen**  
The active oxygen molecules clean\* the water, so your spa is ready to enjoy anytime.

# CONTROL Peace of mind

Our patented, industry-first SmartTub® system provides remote monitoring and control through phones, smart devices, Siri®, Alexa®, and Google Assistant® wearables anywhere in the world.\* All with software updates and a cellular connection that's simpler and more reliable than Wi-Fi.

*Enjoyment made easy.*

#### Convenience

Track energy usage reports, pair with smart devices, and enjoy new features, which are updated automatically.

#### Full Control

Adjust temperature, jets, and lights, and lock down your hot tub to prevent usage, whether home or away.

#### Peace of Mind

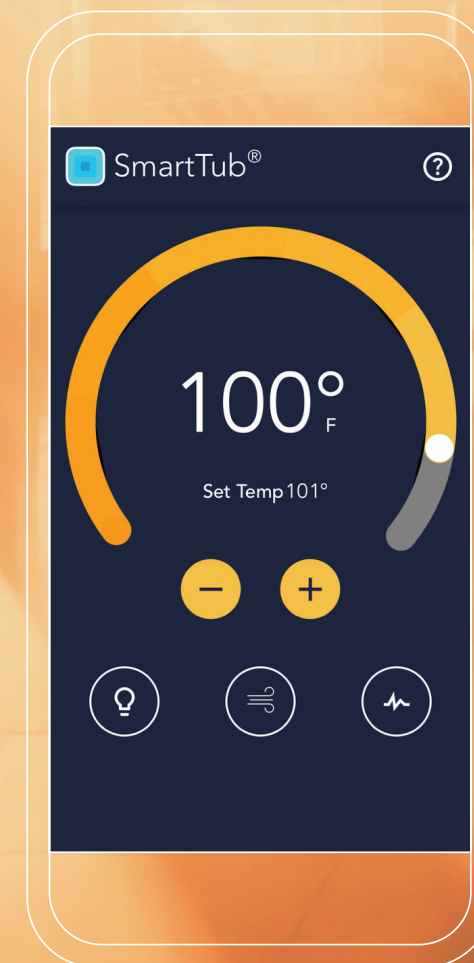

Smart sensors send automatic alerts to you and your dealer if your hot tub needs attention, for power outages, freezing, overheating, etc. It also sends maintenance reminders, to make your life easier and keep your spa running optimally for years.

#### Energy Savings

Smart technology lets you optimize energy savings with industry-first Smart Heat Mode, which monitors, schedules, and adjusts energy usage. Automation reduces standby power by 25%.

Actual SmartTub® owner's review

“I keep the temp about 96° when I'm out of town and just click the app on the way from the airport and ... *voila!* It's 101° when I get home.”

\*Siri, Alexa, and Google Assistant are trademarks and registered trademarks of their respective owners.

# CRAFTED

# A world of Sundance® Spas

# CARING Community partnerships

Through our Good Cause Spas® program, we're sharing those feel-good moments to help families reconnect, bodies recover, and spirits revive.

We partner with organizations to help first responders, military personnel, and neighborhood champions access the healing powers of hydrotherapy.

As of 2023, we've donated \$134,000 and 90 Sundance® Spas to numerous worthy causes.

Sundance® Spas donates a spa to WISH for OUR HEROES for every 100 Sundance® spas sold at each participating dealer location in a single calendar year.

Please join us in celebrating the dealers that helped contribute to this worthy cause.

## SERVICE

# Retail perfected

We pride ourselves on handpicking the perfect retail partners. Aqua Quip, our 2022 Dealer of the Year, showcases unwavering commitment through their stunning showrooms in Seattle. This dealer consistently upholds this dedication by providing outstanding customer service and support for every Sundance® spa they deliver.

Love, love, love my Sundance spa  
and won't ever buy anything else.

Manpreet from Beaumont

Just purchased my third  
Sundance Spa and am extremely  
happy with it as well as the  
exceptional service from the dealer.

Brad from Edmonton

*Great massage and easy to use [as] I  
am a new hot tub owner. I have severe  
back pain with numbness. After 20 min  
a day, I can go without pain for 1-2 hrs.*

Teri from Colorado

## Live the Sundance® life

We narrowed down our spa search to Sundance  
and another brand. We chose Sundance due to their customer  
service history, the knowledge, friendliness, and honest  
dealer at Sunspa Calgary.

Carrie from Calgary

*The quality of my Sundance  
spa is top notch and the service  
we received from Terry the owner  
of the spa store was awesome.*

Olga from Brighton

Our Sundance spa is the best  
purchase we've ever made...  
should have bought this years ago.  
It's our family happy place.

Laura from Sacramento

Sunlight dances with water  
The mood lifts like steam  
Conversations flow easily  
Memories bubble up  
Stress floats away

*There's a perfect spot for everyone.*
